Healthy weight?

In a healthy way, and free for all?

Science has all the answers

In our society, a large amount of young people and adults want to lose weight. How can Biophysics help? It allows us to understand, in a rational way and without spending money, the reasonable methods of weight loss.

Felix M. Goñi, research professor at the Biofisika Institute (CSIC, UPV/EHU) and Biochemistry Department (UPV/EHU), will give us all the scientific answers.

Wednesday, 5th June
18:00 - 19:00

TABAKALERA
Ruiz Balerdi Hall. Kutxa Fundazioa, 4th floor.

Free admission until full capacity is reached.

Talk in Spanish aimed at audiences over 16 years of age. It is not necessary to have scientific knowledge.
